

Avid Announces Results for Second Quarter 2012

Reports Year-on-Year Revenue Growth for Non-divested Business

BURLINGTON, Mass.--(BUSINESS WIRE)-- Avid® (NASDAQ: AVID) today reported GAAP revenues of \$157.4 million for the three-month period ended June 30, 2012, compared to \$161.8 million for the same period in 2011. The GAAP net loss for the second quarter was \$39.0 million, or \$1.01 per share, compared to a GAAP net loss of \$11.1 million, or \$0.29 per share, in the second quarter of 2011.

Excluding revenue from the consumer product lines divested on July 2nd, the revenue for the three-month period ended June 30, 2012 was \$143.7 million and the revenue on the same basis for the three-month period ended June 30, 2011 was \$137.3 million.

The GAAP net loss for the second quarter of 2012 and 2011 included amortization of intangible assets, stock-based compensation, restructuring costs and costs and allowances related to divestitures, acquisition and other costs, losses on assets held for sale and asset sales, legal settlement for 2011 only and related tax adjustments collectively totaling \$34.9 million and \$7.8 million, respectively. Excluding these items, the non-GAAP net loss for the second quarter of 2012 was \$4.1 million, or \$0.11 per share, compared to non-GAAP net loss of \$3.4 million, or \$0.09 per share, for the second quarter of 2011.

The GAAP operating loss for the second quarter of 2012 was \$37.8 million and excluding the items identified above, except tax adjustments, the non-GAAP operating loss for the second quarter was \$2.1 million

"Our results for the second quarter were encouraging with 5% year-on-year revenue growth for our ongoing business and a \$10 million sequential increase in our cash balance," said Gary Greenfield, chairman and CEO of Avid. "This performance reinforced the strategic direction we took earlier this month and we are excited about our prospects for the second half of the year."

Revenues for the six-month period ended June 30, 2012 were \$309.6 million, compared to revenues of \$327.5 million for the same period in 2011. The GAAP net loss for the first six months of 2012 was \$52.0 million, or \$1.34 per share, compared to a GAAP net loss of \$15.9 million, or \$0.42 per share, for the same period in 2011. The GAAP net loss for the six-month period ended June 30, 2012 included \$40.5 million of amortization of intangible assets, stock-based compensation, restructuring costs and costs and allowances related to divestitures, acquisition and other costs, loss on asset sales and related tax adjustments. Excluding these items, the non-GAAP net loss was \$11.5 million, or \$0.30 per share, for the first half of 2012. The GAAP net loss for the six-month period ended June 30, 2011 included \$13.2 million of amortization of intangible assets, stock-based compensation, restructuring costs, legal settlement, acquisition-related costs, loss on asset sales and related tax adjustments. Excluding these items, the non-GAAP net loss for the six-month period ended June 30, 2011 was \$2.7 million or \$0.07 per share.

A reconciliation of GAAP to non-GAAP results is included in the tables attached to this release.

The company's cash balance on June 30, 2012 was \$59.4 million. The quarter-end cash balance excludes the proceeds from the sale of consumer product lines of \$14.5 million, a portion of which is being held in escrow. It is expected that these proceeds will offset the majority of cash cost associated with the Company's 2012 restructuring plan.

The company continues to review certain estimates associated with the divestiture of consumer product lines and estimates related to the restructuring costs and costs and allowances related to divestitures. A change in those estimates could result in adjustments to the company's financial statements in its Quarterly Report on Form 10-Q for the quarter ended June 30, 2012, which could be material

Conference Call

A conference call to discuss Avid's second quarter 2012 financial results will be held today, July 30, 2012 at 5:00 p.m. ET. The call will be open to the public and can be accessed by dialing 719.457.2617 and referencing confirmation code 4569475. The call and subsequent replay will also be available on Avid's website. To join the webcast via this alternative, go to the Investors tab at www.avid.com for complete details prior to the start of the conference call.

Use of Non-GAAP Financial Measures

This press release contains "non-GAAP financial measures" under the rules of the U.S. Securities and Exchange Commission. Non-GAAP financial measures are not based on a comprehensive set of accounting rules or principles. This non-GAAP information supplements, and is not intended to represent a measure of performance in accordance with, disclosures required by generally accepted accounting principles, or GAAP. Non-GAAP financial measures should be considered in addition to, not as a substitute for or superior to, financial measures determined in accordance with GAAP. The reconcilitation of the GAAP to non-GAAP financial measures is in the tables attached to this press release.

Management considers both GAAP and non-GAAP financial results in managing our business. Non-GAAP financial measures are used internally, for example, in establishing annual operating budgets, in assessing operating performance and for measuring performance under incentive compensation plans. Non-GAAP financial measures are also used in operating and financial decision-making because we believe these measures reflect our ongoing business and allow meaningful period-to-period comparisons. We believe it is useful for investors and others to also review both GAAP and non-GAAP measures in order to understand and evaluate our current operating performance and future prospects in the same manner as management and to compare in a consistent manner the company's current financial results with past financial performance. The primary limitations associated with our use of non-GAAP financial measures are that they may not include all items of income and expense that affect our operations and that the non-GAAP financial measures we use may not be directly comparable to those reported by other companies. For example, terms referring to non-GAAP financial measures used in this press release, such as non-GAAP net loss, do not have standardized meanings. Other companies may use the same or similarly named measures, but exclude different items, which may not provide investors with a comparable view of our performance in relation to other companies. We seek to compensate for this limitation by providing a detailed reconciliation of the non-GAAP financial measures to the most directly comparable GAAP measures in the tables attached to this press release.

Use of Forward-Looking Statements

The financial results included in this release are preliminary and unaudited. The contents of this release are subject to the completion and filing of our Quarterly Report on Form 10-Q. This release may include forward-looking statements, as defined by the Private Securities Litigation Reform Act of 1995. Statements in this press release that relate to future results or events are forward-looking statements and are based on Avid's current estimates and assumptions. Forward-looking statements may be identified by the use of forward-looking words, such as "anticipate," "believe," "should," "estimate," "expect," "intend," "confidence," "may,," "plan," "feel," "could," "will," and "would," or similar expressions. Actual results and events in future periods may differ materially from those expressed or implied by these forward-looking statements because of a number of risks, uncertainties and other factors, including: adjustments that may be made to Avid's preliminary financial results included in this release as a result of the review of certain estimates associated with the sale of Avid's consumer audio and video product lines and restructuring costs and costs and allowances related to divestitures; Avid's ability to execute its strategic plan and meet customer needs; Avid's ability to realize operational and financial benefits from the sale of its consumer audio and video product lines and the reduction in workforce announced earlier this month; Avid's ability to sell its professional products through retail sales channels following the divestiture of consumer products sold through those sales channels; its ability to produce innovative products in response to changing market demand, particularly in the media industry; competitive factors; fluctuations in its revenue, based on, among other things, Avid's performance in particular geographies or markets, fluctuations in foreign currency exchange rates, and seasonal factors; adverse changes in economic conditions; Avid's liquidity; and other risk factors and uncert

About Avid

Avid creates the digital audio and video technology used to make the most listened to, most watched and most loved media in the world — from the most prestigious and award-winning feature films, music recordings, television shows, to live concert tours and news broadcasts. Some of Avid's most influential and pioneering solutions include Media Composer®, Pro Tools®, Interplay®, ISIS®, VENUE, Sibelius®, and System 5.
