Avid defines Adjusted EBITDA as non-GAAP operating income (loss) excluding depreciation expense, with non-GAAP operating income (loss) defined as GAAP operating income (loss) excluding restructuring costs, stock-based compensation, amortization of intangibles as well as other unusual items such as costs related to the restatement, M&A related activity, and efficiency program. Avid defines Free Cash Flow as GAAP operating cash flow less capital expenditures. This non-GAAP information supplements, and is not intended to represent a measure of performance in accordance with, disclosures required by GAAP. New operational metrics Recurring Revenue and Annual Contract Value introduced to show continuing growth in long-term agreements and software subscription revenues

BURLINGTON, Mass., August 9, 2018 Avid® (NASDAQ: AVID), a leading technology provider of software tools and platforms that power the media and entertainment industry, today announced its second quarter 2018 financial results, reaffirmed and narrowed its 2018 guidance and introduced new operational metrics.

Highlights of Second Quarter 2018 Financial Results

- Bookings were \$110.3 million, an increase of 12% year-over-year and 9% sequentially.
- GAAP Revenue was \$98.6 million, representing a sequential improvement of 1% and in line with guidance.
- Continued strong software revenue growth from subscription and e-commerce sales, with cloud-enabled software subscriptions now at nearly 108,500 at the end of the second quarter and up 39% year-over-year, and bookings through the Company's e-commerce activities up 48% year-over-year.

- GAAP Operating Loss was \$2.1 million, and Adjusted EBITDA was \$5.3 million, in line with guidance.
- GAAP Net Cash Used in Operating Activities was \$5.9 million.
- Free Cash Flow was a deficit of \$8.7 million, reflecting the scheduled payout of the Company's 2017 bonus during the second quarter.

New Operational Metrics

- Recurring Revenue, a new operational metric, was 57% of the Company's revenue in Q2'18 up from 51% in Q2'17, 49% in fiscal year 2017 and 22% in fiscal year 2014.
- Annual Contract Value (ACV), another new operational metric, was \$245 million at the end of Q2'18 up from \$227 million at the end of Q2'17, reflecting the growth in Avid's high margin subscription and maintenance revenues plus revenues under long-term agreements.

"During the second quarter, Avid continued to see positive commercial momentum as our overall offering and new products are being well received by customers as evidenced through the strong bookings and continued growth in software, cloud-enabled subscriptions and our successful e-commerce business," said Jeff Rosica, Chief Executive Officer and President of Avid.

"Throughout the second quarter, we continued to execute on our aggressive transition plans while continuing work to improve gross margins, enhance our global supply chain, and reprioritize our product roadmap and

commercial plans to capitalize on near-term opportunities. Guided by the new management team, this focus will intensify through the second half of this year with a goal of driving shareholder value.”

Ken Gayron, Executive Vice President and Chief Financial Officer of Avid commented, “I am pleased to have joined Avid at this important point as the Company is making substantial progress in transitioning from a products company to a software and subscription-based model supported by value-added products. The transition of Avid’s business is driving a significant change in the Company’s revenue streams. With this shift, the Company is introducing Recurring Revenue and Annual Contract Value as new operational metrics to provide transparency for investors.”

“In the second quarter, bookings and backlog continued to grow as additional long-term agreements were signed with our larger customers and partners. Subscription and e-commerce revenues continued to deliver double-digit year-over-year growth signifying the success of Avid’s software strategy,” Gayron continued. “Finally, the leadership team is executing on a new \$20 million non-personnel-related savings plan that we expect will directly improve the company’s EBITDA and free cash flow.”

Full Year 2018 Guidance

Avid is reaffirming and narrowing its annual financial guidance for full year 2018. This guidance reflects the adoption of the new revenue recognition standard ASC 606 as of January 1, 2018.

<i>(in \$ millions)</i>	Full Year 2018
Revenue	\$410 - \$420
Adjusted EBITDA	\$40 - \$46
Free Cash Flow	\$4 - \$12

At this point in time in the year and with the reaffirmation of the Company’s annual guidance, Avid will not be issuing quarterly guidance for the balance of 2018.

Avid’s actual future results of operations could differ materially from those shown in the table above. For a discussion of some of the key assumptions underlying the guidance, as well as the key risks and uncertainties associated with these forward-looking statements, please see “Forward-Looking Statements” below as well as the Avid Technology Q2 2018 Business Update presentation posted on Avid’s Investor Relations website.

Unless noted, all financial and operating information is reported based on actual exchange rates. Definitions of the non-GAAP financial measures are included in our Form 8-K filed today. Reconciliations of the non-GAAP financial measures in this release to the Company’s comparable GAAP financial measures for the periods presented are set forth below and are also included in the supplemental financial and operational data sheet available on our investor relations webpage at ir.avid.com, which also includes definitions of all operational metrics. The earnings release also includes forward-looking non-GAAP financial measures, including Adjusted EBITDA and Free Cash Flow. (1) The reduction is primarily attributable to the elimination of the requirement to have vendor specific objective evidence of fair value for undelivered elements that existed under ASC 605, the prior applicable accounting guidance, for software products, which no longer precludes revenue recognition under ASC 606. The impact of the adoption of ASC 606 reported in our Form 10-Q for the three months ended March 31, 2018 has been revised to reflect an additional reduction to deferred revenue and accumulated deficit as of January 1, 2018 of \$3.8 million.

(2) For subscription contracts, we are now required under ASC 606 to record contract assets for annual and multi-year subscriptions that are billed monthly, resulting in an increase in contract assets at the date of adoption. In addition, some of our enterprise agreements have fixed payment schedules whereas the timing of the fulfillment of performance obligations under the contracts can vary, which can result in the fulfillment of performance obligations exceeding contract billings, which also results in contract assets.
